

Certificate of Approval

This is to certify that the Management System of:

VITO NV

Boeretang 200, 2400 Mol, Belgium

has been approved by LRQA to the following standards:

ISO 14001:2015 | ISO 45001:2018 | ISO 9001:2015

P.G. Cornelissen - Area Manager North Europe

Issued by: Lloyd's Register EMEA

for and on behalf of: Lloyd's Register Quality Assurance Limited

This certificate is valid only in association with the certificate schedule bearing the same number on which the locations applicable to this approval are listed.

Current issue date: 1 April 2019
Expiry date: 11 March 2021
Certificate identity number: 10182525

Original approval(s):
ISO 14001 – 24 March 2007
ISO 45001 – 21 February 2013
ISO 9001 – 21 December 2007

Approval number(s): ISO 14001 – 00008867 / ISO 45001 – 00008869 / ISO 9001 – 00008868

001

Certificate of Approval

The scope of this approval is applicable to:

ISO 14001:2015

Research activities with the focus on cleantech in the areas of sustainable chemistry, energy, health, materials management and land use, development of innovative technology, products and processes in these domains, providing independent advice and services concerning sustainable raw materials management, closed material cycles, new business concepts, more efficient (bio)chemical processes, reuse of valuable components from process streams, optimisation of thermal energy systems, healthy living and working environment and sustainable land-use. The activities concerning proficiency testing & recognitions and the activities of Certipro are excluded.

ISO 45001:2018

Research activities with the focus on cleantech in the areas of sustainable chemistry, energy, health, materials management and land use, development of innovative technology, products and processes in these domains, providing independent advice and services concerning sustainable raw materials management, closed material cycles, new business concepts, more efficient (bio)chemical processes, reuse of valuable components from process streams, optimisation of thermal energy systems, healthy living and working environment and sustainable land-use. The activities concerning proficiency testing & recognitions and the activities of Certipro are excluded.

ISO 9001:2015

Research activities with the focus on cleantech in the areas of sustainable chemistry, energy, health, materials management and land use, development of innovative technology, products and processes in these domains, providing independent advice and services concerning sustainable raw materials management, closed material cycles, new business concepts, more efficient (bio)chemical processes, reuse of valuable components from process streams, optimisation of thermal energy systems, healthy living working environment and sustainable land-use.
